

Where We Belong (Feat DI-RECT)

Into the great wide open
Pacing through the universe
Sailed across the darkness
Followed by years of silence

Here we're out in the open
Shooting stars without a hope
Often search of wisdom
High above fallen kingdom

Hold me when the sun is down
Till the morning light awakens
Shadows will be fading
Showing us where we belong (x2)

Into the great wide open
Craving for infinity
Hearts are set in fire
Loves are one, true desire

Here we're out in the open
Shooting stars without a hope
Often search of wisdom
High above fallen kingdom

Hold me when the sun is down...

Showing us where we belong
Showing us where we belong

1. Read the lyrics of the song and then listen to it: what do you think it is about?

Do your partners think the same as you do about the meaning of the song?

2. Now let's watch the video. Do the lyrics of the song mean something different for you once you've watched the official video? If so, why?

Keys

1. You can find the track on many websites, for example: http://mp3skull.com/mp3/fedde_le_grand_we_belong.html

Just click on “play” (remember that downloading music is illegal). Always look in the list for the option of the song with the exact same title I used in this worksheet.

2. There is an official video and it’s important that sts watch this version to be able to work in class. Video URL: <http://www.youtube.com/watch?v=7fBi4fS1PkI>

Have in mind...

that sts have to listen to the song and watch the video, but mainly they have to express themselves.

that this worksheet is useful to get to know better our sts.

that we need to be cautious if we identify a st with a depressive disorder.

that sts can have fun reading the images and/or reflect on the different modes of life people can adopt.

Help sts with expressions like this:

“In my opinion,...” / “I think...” / “We think that the most important...is...” /

“It is clear that...” / “This means that...” / “The author says...” /

“I agree /disagree...” / “I have a reason for believing this”.

“In contrast to...” / “Another difference/similarity is that...”

“Taking everything into account...” / “In conclusion, ...”
